

FARM SANCTUARY: CHANGING HEARTS AND MINDS ABOUT ANIMALS AND FOOD

A PRESENTATION BY

GENE BAUR

What are the lives of animals like in industrial agriculture? What could their lives be like if they got a second chance?

A thought-provoking investigation of the ethical questions involved in the production of beef, poultry, pork, milk, and eggs – and what each of us can do to promote compassion and help stop the systematic mistreatment of the 10 billion farm animals who are exploited for food in the U.S. every year.

“When we face issues, remarkable things can happen. That’s why, in spite of the appalling things that I have seen with my own eyes, I remain optimistic that the situation will change.” -Gene Baur
